MINUTES OF MEETINGS
OF THE
Board of Commissioners

APRIL and MAY 5, 12, 16, 1921

NEWARK, N. J.

April 7, 1921.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of meeting of March 31, 1921, were read and approved.

Mayor Gillen—Is there any citizen desiring to be heard on any matter? The Board will take up the question of the paving and repaving of these streets which were laid over.

Commissioner Raymond—I would like to dispose of them one by one.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled, "An Ordinance to provide for the repaving of Fulton Street from Broad Street to Ogden Street (formerly Front Street) with asphalt resurfacing (2-inch asphalt top sur-

face, 1½-inch binder) on the old concrete foundation, properly repaired," be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the repaving of Railroad Place, west of the Pennsylvania Railroad, from Market Street to South Canal Street, with new oblong granite block pavement on the old concrete foundation, properly repaired and built up with new concrete so as to obtain an additional thickness of three inches of new concrete.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Railroad Place, west of the Pennsylvania Railroad, from Market Street to South Canal Street, shall be repaved with oblong

granite block pavement on the old concrete foundation, properly repaired and built up with new concrete so as to obtain an additional thickness of three inches of new concrete, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of the street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs

and expenses of making said connections will be assessed upon the lands benefited. Each twenty-five feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Commissioner Raymond moved that the ordinance be taken up on third reading on April 14.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The following property owners on Grummon Avenue appeared before the Board and favored the paving of Grummon Avenue: Mr. Alfred W. Wolf, 36 Grummon Avenue; Mr. Nathan Golden, 32-38 Grummon Avenue, and Mr. Alvin Ambroso, 24-26 Grummon Avenue. Mr. Wolf stated that Mr. Hunger, 22 Grummon Avenue, and Mr. Travis, of 28 Grummon Avenue, also favored the paving of this street, but were unable to be present.

The following property owners objected to the paving of Grummon Avenue: Mrs. Fred Hauck, 29-31 Grummon Avenue; Mrs. William Brown, 33-35 Grummon Avenue; Mrs. Vincent Walters, 9-11-13 Grummon Avenue, and Mrs. A. Stroll, 80 Grummon Avenue.

The following communication objecting to the paving of Grummon Avenue was received and read:

The Board of Commissioners of
the City of Newark,
City Hall, Newark, N. J.

Gentlemen:—

As the owners of approximately three hundred feet on Grummon Avenue, we wish to submit our ob-

jections to the intention of the Commissioners to order the above named street paved with concrete, owing to the present high cost of such paving, which we believe will be materially reduced in the not distant future.

Yours truly,

E. Hermine Schreinert,
S. S. Bratton, per E. H. S.

Commissioner Archibald moved that the communication be referred to the Department of Streets and Public Improvements.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond—I feel in this case I should put this paving through. People on this street have built houses and have put money in their property. I am willing to take the earth from this street and put it on the lots with depressions without any cost to the owners. I do not feel the street should be held up. I feel the people who have improved this street are entitled to some consideration.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the paving of Grummon Avenue from Elizabeth Avenue to Bergen Street with concrete pavement, the roadway between curbs to be thirty-three feet.

The Board of Commissioners of the City of Newark do ordain:

L. 1917-319), and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said

To Hon. Mayor and Board of City Commissioners of the City of Newark, New Jersey, and the Inhabitants Thereof:

The following notice is hereby given you in accordance with the provisions of an amendment to an act of the Legislature of the State of New Jersey, approved March eighteenth, Nineteen Hundred and Seven, which amendment was approved March seventeenth, Nineteen Hundred and Twenty-one, and in accordance with a resolution of Passaic Valley Sewerage Commissioners, adopted April fifth, Nineteen Hundred and Twenty-one.

To Whom It May Concern:

Public notice is hereby given that the discharge of sewage and other polluting matter into the waters of the Passaic River, at any point between the Great Falls, at the City of Paterson, and Newark Bay, and into the tributaries of said river emptying therein between said points, is prohibited and must cease and be discontinued after December thirty-first in the year Nineteen Hundred and Twenty-two.

Respectfully yours,

PASSAIC VALLEY SEWERAGE
COMMISSIONERS.

JAMES P. LOGAN,
President and Chairman.

J. H. QUIGG,
Secretary and Clerk.

Dated April 6th, 1921.

Ordered referred to the Director of Streets and Public Improvements.

April 6th, 1921.

Commissioners of the City of Newark,
City Hall, Newark, N. J.

Sirs—The undersigned desire to erect a steel frame modern high class

apartment to contain 100 suites of rooms, corner of High Street and Clinton Avenue.

Due to the size of the plot this requires a structure ten stories in height; we understand the Zoning Committee have prescribed at this part of the city a maximum of eight stories.

Considering the contour, the grade of High Street from this point being quite abrupt would it be asking too much of your honorable body to make an exception and allow us to construct such a building as specified above. We assure you it will be ornamental and a great addition as well as an attraction to the vicinity and being erected at the bottom of the grade would be less conspicuous than an eight story building situated near the top of said grade.

In this connection may we call attention also to the background of lots particularly the north side facing Clinton Avenue. Here we find High Street almost paralleling Clinton Avenue and at an elevation of about 50 feet immediately in the rear of the latter thoroughfare. Would it not be just as well to remove restrictions of present height of buildings from Broad Street to and around the "circle" at Elizabeth and Clinton Avenues and review the reasons for the present restrictions.

Hoping this may meet with your favorable consideration, we are

Respectfully,

KRUVANT-MAYZEL-LINNETT.

EDGAR B. LINNETT, Secy.

Commissioner Archibald moved that the communication be referred to the Zoning Commission for recommendation and report.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Town Clerk's Office,

Newark-on-Trent, 17th March, 1921.

William J. Egan, Esq.,

City Clerk, Newark, N. J.

Dear Sir—I am directed by the Mayor and Corporation to express to the Council of your City the grateful appreciation of the kindly thoughts of your Council towards our town, expressed in the resolution which accompanied your letter of February 7th. The resolution which has been so tastefully recorded will be exhibited in the Town Hall, and will serve as a reminder to future generations of the friendly relations existing at the 250th anniversary of the founding of Newark, New Jersey, a friendship which I feel sure will be maintained in the future.

I remain,

Yours faithfully,

H. TALLENTS,

Town Clerk.

Ordered filed. 5

To the Commission of The City of Newark, New Jersey, and to the Commission on Building Districts and Restrictions: 3

Your petitioner has a contract to purchase premises at and known as Number 18 and 20 Longworth Street, particularly described in the schedule marked "A" hereunto attached.

Your petitioner has been informed that the location is one that is restricted under the zoning system recently adopted.

Your petitioner calls attention to the fact that there are three factories and a stable now on Longworth Street and a public garage on Washington Street and further that hereunto attached under Schedule "B" will be found a list of the names and addresses of the owners of properties in the immediate vicinity of this property who desire to have the restrictions removed and the district changed to industrial.

This district to continue from the present industrial district on Washington Street to Longworth Street and up Longworth Street to within 300 feet of High Street.

Your petitioner humbly prays that his petition will be given the attention that it deserves.

WEIZENEGGER BROS.,
Petitioner.

Mayor Gillen: What is your pleasure with this communication? We are having an avalanche of requests to change the zoning ordinance. It seems to me the more is done the more requests you have. The first thing you know we will have no ordinance at all. In this case you are getting dangerously near the Lincoln Park section.

Commissioner Archibald: I do not think we should permit these factories in the center of the city. We agreed to leave the factories alone that were there.

Commissioner Archibald moved that the communication be received and filed and that they be advised that it is the sense of this Board that it is opposed to any change in this district.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mayor Gillen—I think we should take up this question of the ten-cent fare and find out where we stand

on it The Public Utility Commission has suspended the ten-cent fare for three months from May 1st and now it will depend on the valuation. The engineers employed by the State Appraisal Commission submitted a report to the Utility Commission giving an appraisal of \$125,000,000. It now seems that the municipalities must do something between now and the end of the three-month period in order to combat this valuation of these engineers in New York. Under the new law just signed by the Governor, the Mackay bill, the Utility Commission must accept that valuation.

Commissioner Archibald moved that the Law Department be requested to take up with the Utility Commission the matter of making a realty appraisal of the Public Service Railway and report back to this Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

Mayor Gillen—Some time ago the Museum Board took up with me the question of purchasing the property in the rear of the library for the purpose of storing temporarily a lot of these museum antiques and eventually building an addition to the library. I was waiting for Mr. Dana to bring this matter before the Commission, but he has been in the hospital sick and recently they received more of these antiques and they have no place to store them. I think it would be well if this Commission would consider the matter of authorizing the Board to take up the purchase of this land, or the

condemnation of it, because it is excessive in price. We have got to get some place to store this stuff because they are crowded now.

Commissioner Raymond — Why don't you prepare a resolution authorizing the purchase of it and put it through at the next meeting?

Mayor Gillen—I will do that.

Commissioner Archibald moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Valentine Kane—I would like to bring to your attention the matter of whether it is not possible for the City Clerk to mail out sample ballots. Information is going through the city that there will be a lot of votes that will be thrown out, due to the fact that people will vote for more than the required number of candidates. The Federation of Improvement Associations comes forward with this suggestion: That the City Clerk have sample ballots printed and placed around polling places in each district, same as had been done in other elections. Something

should be done to warn people against voting for more than the required number of candidates. To insure a fair election I think this should be done, and I think it would be advisable for the City Clerk to get out these sample ballots a day or two before the primary so they could be posted near the polling places.

Corporation Counsel Congleton—The law makes no provision for sample ballots. The City Clerk has published a sample ballot in the newspapers under his signature, and in that advertisement it is stated in broad type, "Vote For Five." I do not know what more the city can officially do. There is no justification for the City Clerk to spend the money for this purpose.

Mr. J. F. McGuire, 1 Wilburton Place; Mrs. Stephenson, 5 Wilburton Place; Mrs. Ferriol, 4 Wilburton Place, and a number of other property owners on Wilburton Place appeared before the Board and urged that the street be paved.

Mr. Joseph A. Werstman, owner of property 8-10 Nursery Street, appeared before the Board and objected on behalf of 60 per cent. of abutting property owners in the neighborhood of Wilburton Place, stating that this street was practically a blind alley and that eventually the street would be discontinued.

Commissioner Raymond — All the people who live on the street are in favor of it and I cannot see why people who live on another street should be allowed to decide whether or not the street should be paved. I think the street should be paved and I shall be obliged to vote for it. However, inasmuch as there is not time enough to put this through before this commission goes out of office, I will withdraw the ordinance and introduce it later.

Ordered filed.

Department of Parks and Public
Property,

Newark, N. J., May 12, 1921.

Subject: Re-lease of old Third
Precinct Police Station to Ironbound
Community and Industrial Service.

The Board of Commissioners of
The City of Newark,
Addressed.

Gentlemen:—

As you no doubt know, the new
precinct police station at Market and
Reade Streets has been taken possession
of by Director Brennan, of the
Department of Public Safety, at
which time he turned over to me, as
Director of the Department of Parks
and Public Property, the old precinct
at Van Buren Street.

Ironbound Community and Industrial
Service, being a branch of the
Y. M. C. A., applied to me some time
ago for a lease of the old premises,
in which to carry on the work which
it is conducting in the Ironbound
District. Ascertaining that the City
had no present need of the building,
I advertised for proposals for a lease
from the City for the premises for
a period not exceeding 5 years, in
response to which the only bid I received
was from the Ironbound Community
and Industrial Service, in
which such Association offered to
pay a rental of \$1,800 per year and
make all necessary repairs in the
building so as to adapt it to its
needs. I have had the property appraised
by Mr. John Howe, President of the
Tax Board, and I am advised by him
that the rental offered by this Association
is a fair one. I am very familiar with
the work carried on by the Association
in this District and believe that if we accept

the Association as a tenant sooner
or later it will be desirous of purchasing
the property.

Under all of the conditions, I
would advise the making of a lease
with this Association for a term of
two years, with an option of renewal
for three more. I have accordingly
had a lease prepared, which I am
presenting to you this morning, and
which I would ask you to approve.

Yours very truly,

John F. Monahan,

Director of the Department of Parks
and Public Property.

The following communication was received and read:

May 12, 1921.

The Hon. Board of Commissioners,
City Hall, Newark, New Jersey.

Gentlemen:—

In response to a Notice of Intention published April 22, 1921, ad-

vising the parties interested that on Thursday, May 12, 1921, at 11 A. M. an opportunity would be given to be heard concerning the paving of Smith Street from Silver Street to Eighteenth Avenue, in a hearing, which I attended but without sufficient opportunity to be heard, I wish now to protest again such paving and the assessment which would follow:

First, because Sanford Street, which runs almost parallel and only one short block west of Smith Street, is already paved and serves as a sufficient highway from South Orange Avenue as well as from Silver Street through to Eighteenth Avenue.

Second, Because the present is not the best time to undertake this improvement. Costs of labor and material will undoubtedly decline and make it possible to do this work cheaper, if it is found to be advisable at all, at a later date.

Thanking you in advance for giving serious consideration to this protest, I remain,

Yours very truly,

S. W. BOARDMAN, Jr.,

Owner of 300-302 Smith St.

P. S.—I hope it will not be considered out of place here and now to congratulate the four of you who have been reelected, upon the result of Tuesday's election. I congratulate the city also.
